RE: Vulkem 45 SSL- Green Building Product Information (LEED® Information)

Tremco, as an organization, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

Material Manufacturing Location:

Vulkem 45 SSL is manufactured in Cleveland, Ohio. Should your job site be within 500 straight-line miles of Cleveland, this material will help contribute positively towards the Locally Manufactured Material Credit.

Raw Material Extraction Information:

No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

Rapidly Renewable Raw Material Information:

Vulkem 45 SSL contains 0% rapidly renewable raw material content by weight.

Recycled Content Information (by weight: All in Packaging):

Qt Cartridge	3.9% (All Post Consumer)
2 Gal Bucket	2.2% (1.83% Post Industrial, 0.37% Post Consumer)
5 Gal Bucket	2.27% (1.89% Post Industrial, 0.38% Post Consumer)

VOC Content Information:

Vulkem 45 SSL has a VOC content of 107g/L equaling 8% by weight. These levels are below the levels for architectural sealants (>16 ounce) defined by SCAQMD.

Additional Information:

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Schmeida".
