---

**Compatibility of Sealants and TremGlaze Nail On Flashing**

---

The purpose of this bulletin is to confirm compatibility of select TremGlaze Sealants with TremGlaze Nail On Flashing. This bulletin has been created to identify and specify the following sealants as fully compatible for use with the TremGlaze Nail On Flashing material:

<u>Sealants Tested</u>	<u>Substrate Tested</u>	<u>Results</u>
TremGlaze U1400	TremGlaze Nail On Flashing	Pass, Fully Compatible
TremGlaze U1600	TremGlaze Nail On Flashing	Pass, Fully Compatible
TremGlaze S500	TremGlaze Nail On Flashing	Pass, Fully Compatible

In conclusion, the TremGlaze polyurethane and silicone sealants identified above are 100% compatible with the Tremco TremGlaze Nail On Flashing.

Please contact Tremco Technical Service at 800-852-6013 with any questions regarding this report.
