

TREMGLAZE® U1600

TremGlaze® U1600 is a high-performance, low modulus, one-component, moisture curing, hybrid polyurethane sealant for residential applications.

FEATURES AND BENEFITS

- Aggressive adhesion to a variety of window substrates including wood, vinyl, fiberglass, aluminum and glass
- Easy to apply with conventional hand caulking and air gunning equipment decreasing application time
- Excellent long-term weather resistance
- UV Stable for a longer lasting life-cycle without cracking or crazing
- Quick skin time which significantly reduces dirt attraction
- Paintable making it easy to achieve the finish look your homeowner desires
- Conforms to AAMA 802.3 and 808.3
- Compatible with self-cleaning glass applications

INSTALLATION APPLICATIONS

- Back-bedding
- General purpose high-performance sealant for dynamic moving joints
- Glazing and re-glazing glass
- New construction window and door perimeter sealant
- Weather-barrier joints around fenestration and wall transitions

TREMGLAZE®
