

Technical Bulletin SSG 11.2

TremGlaze[®] Sealant and Tape Compatibility with PPG SunClean Glass

The purpose of this bulletin is to confirm acceptable application for TremGlaze sealants and extruded butyl glazing tapes with PPG SunClean Glass.

Tremco glazing sealants and butyl tapes have been tested and achieved listing as acceptable for use with PPG SunClean coated self-cleaning glass. The following TremGlaze products are listed on the PPG SunClean Glass Clear Path document as acceptable for use in the following categories:

1. Exterior Wet Sealants on Surface (1):

- a. TremGlaze S500
- b. TremGlaze S900
- c. TremGlaze U1600

2. Interior Wet Sealants on Surface (4):

- a. TremGlaze S500
- b. TremGlaze S900
- c. TremGlaze U1600

Please contact Tremco Technical Service at 866-209-2404 with any questions regarding this bulletin.
