Extruded Aluminum  
 Adaptor

The above details and related information are provided solely as a courtesy to installers using the Proglaze ETA System and may be updated or modified by Tremco without notice. Consult Tremco to ensure that you are reviewing current information. Because building codes, climate considerations and other site conditions may vary from project to project, Tremco details are not intended to provide exhaustive coverage of all issues that may be encountered on a particular project and/or that may affect Proglaze installation procedures and/or performance. Building owners and installers should consult and follow the published recommendations of wall, window and door manufacturers, as applicable, with respect to proper attachment of the Proglaze ETA System.
