Tremco Incorporated certifies that the Paraseal sheet membrane system meets the physical properties per the Tremco Incorporated published data sheets, specifications, and application instructions.

Paraseal is approved by the City of Los Angeles (COLA) Department of Building and Safety under research report number RR24709.

The following pertain to the Paraseal Membrane:

- Sodium bentonite clay laminated to the HDPE.
- Life Expectancy of HDPE depends upon the specific application, however it is measured in potential hundred year increments as independently published by others.
