

# Enviro-Dri® Pipe & Vent

Cold-applied, self-adhering membrane

## DATA SHEET

### Product Description

Enviro-Dri Pipe & Vent is a cold-applied self-adhering membrane composed of a multi-directional stretchy film on one side and a layer of recycled butyl hybrid adhesive on the other side. This product fully integrates with the Enviro-Dri Weather-Resistant Barrier System to provide you with the next level of protection against air and moisture intrusion.

### Basic Uses

Enviro-Dri Pipe & Vent is used to seal around cable, electrical, gas line, hose bibs, dryer vents, air exchange vents and pipe penetrations in the exterior sheathing.

### Features & Benefits

- Fully adhered system
- Seals around properly installed fasteners
- Forms a positive air/vapor barrier
- Conformable to irregular shapes
- Will adhere to most building products
- Compatible with most building products
- 30 day UV exposure rating
