To Whom It May Concern:

RE: Tremco PUMA Initiator—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for Tremco PUMA Initiator:

**Building Product Disclosure and Optimization:**

Tremco PUMA Initiator is manufactured in Twisttringen, Germany.

No single extracted material is used to produce the majority of this product.

Recycled content for Tremco PUMA Initiator is not available, and for the purposes of LEED reporting should be assumed to be zero.

**Low Emitting Materials - VOC Content Information:**

Tremco PUMA Initiator is benzoyl peroxide-based filler with a VOC content of 0g/L equaling 0% as applied/mixed. As such, VOC levels are lower than the limits set by SCAQMD rule 1168.

**Green Chemistry:**

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible.

**Manufacture Inventory (reported to 1000ppm):**
