To Whom It May Concern:

RE: TremGlaze LEF—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for TremGlaze LEF:

**Building Product Disclosure and Optimization:**

TremGlaze LEF is manufactured in Arkel, Zuid-Holland.

No single extracted material is used to produce the majority of this product.

Recycled content for TremGlaze LEF is not available, and for the purposes of LEED reporting should be assumed to be zero.

**Low Emitting Materials - VOC Content Information:**

TremGlaze LEF is a foam sealant with a VOC content of 551g/L equaling 30% as applied/mixed. As such, VOC levels are lower than the limits set by SCAQMD rule 1168.

This product is Greenguard certified, meaning it has met some of the world’s most difficult and complete standards for low emissions of VOC’s into indoor air. This product also adheres to the California Department of Public Health (CDPH) Standard Method V1.1-2010, a standard vital to demonstrate compliance with LEED.

**Green Chemistry:**

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible.
Additional Information:

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

Joe Kravetz
