Tremco’s complete line of sealants, adhesives, tapes and weather barriers help maximize productivity for modular builders — meeting demanding performance requirements through durable, weatherproof seals for joints and seams; protection against stress and vibration; and heat and UV resistance. With Tremco’s product portfolio, we are able to provide solutions for your every-day in-plant or on-site modular applications.

Streamlined Supply Chain
As single-source provider, Tremco helps simplify the material selection and ordering processes, saving you time and reducing costs.

Plant Audit and Stakeholder Analysis
Our technical experts offer in-depth plant audits and guidance on product selections tailored to your application and budget demands.

Custom Small-Batch Solutions
Advanced R&D capabilities include application-specific product design and custom solutions to meet your specific requirements.

Comprehensive System Testing
Testing to AAMA and ASTM standards is routinely conducted at our state-of-the-art Sustainable Building Solutions Test Facility.

Dedicated Sales and Technical Support
Our experienced field representatives provide specification development, problem-solving and assistance on-site.
PRODUCTS & TYPICAL USES:

**Mesor” 075**
- **Butyl**
- **Self-adhesive sealant**
- **Building acoustics**
- **Soundproofing systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Chim-X Pro**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Exskal® 110AT**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Chembend CL400**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Black Stik**
- **Leak detection materials**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**TremPro® 659**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Tapease 302/404**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Mesor” 075**
- **Butyl**
- **Self-adhesive sealant**
- **Building acoustics**
- **Soundproofing systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Chim-X Pro**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Exskal® 110AT**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Chembend CL400**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Black Stik**
- **Leak detection materials**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**TremPro® 659**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

**Tapease 302/404**
- **Butyl rubber sealant**
- **Weatherstripping systems**
- **Windows and doors**
- **Aging and weathering resistance**
- **Adhesion to metal and concrete**

9 TECHNOLOGIES. 50+ PRODUCTS.
A COMPLETE LINE OF PRODUCTS FOR MODULAR BUILDERS.

**SEALANTS: HYBRID/SPUR**
- **Spur sealants**
- **Low volatile organic compounds (VOCs)**
- **Better adhesion to a variety of substrates**
- **Often the best solution for LEED projects**

**SEALANTS: SILICONE**
- **Water-soluble, polymer dispersion and emulsion (PVAs/latex)**
- **Water-based**
- **Protection in a variety of medium-duty applications**
- **Sealants for thousands of industrial applications**

**SEALANTS: ACRYLIC**
- **Water-based**
- **Sealants designed to provide protection in a variety of medium-duty applications**
- **Sealants are durable, easy-to-use, quick curing and easy to clean**

**SEALANTS: THERMOPLASTIC**
- **Thermoplastics**
- **Quick-skinning**
- **Adhesive sealant to a variety of substrates**
- **Sealant is durable, easy-to-use, quick curing and easy to clean**

---

**ADHESIVES**
- **Elastomeric adhesives**
- **Elastomeric adhesives provide tenacious adhesion to many building substrates**
- **Elastomeric adhesives provide excellent resistance to aging and extreme temperatures**
- **Elastomers also have good peel-off characteristics and are excellent for filling voids**

**Elastomeric adhesives**
- **Tenacious butyls**
- **Excellent adhesion to many building substrates**
- **Excellent resistance to aging and extreme temperatures**
- **Excellent peel-off characteristics and are excellent for filling voids**

---

**TAPES**
- **Industrial tapes**
- **Butyl-based tapes**
- **Easier to use, quick curing and easy to clean**
- **Excellent protection in a variety of medium-duty applications**

ABOUT US

With decades of experience in the design, development and manufacture of products for commercial construction, Tremco has become the industry leader in ensuring performance in the highest-risk connections on building envelopes. Bringing that expertise to modular builders, we help ensure water and air-tight construction from in-plant to the jobsite.

Along with affiliate Chemtron International, we bring over 50 high-performing, specialized products to the modular construction and OEM markets. After selecting the appropriate product type — sealant, adhesive, tape, gasket or coating — we can determine the perfect solution by technology: silicone, urethane, butyl, acrylic or even hybrid/spur.

Tremco and Chemtron are part of RPM International, Inc., whose subsidiaries employ 13,000 people worldwide, and manufacture high-performance coatings, sealants and specialty chemicals in 116 facilities across 26 countries.

Tremco has been a technology leader in the construction sealants and weatherproofing industry for over 88 years. We serve modular builders with a comprehensive product line, plus on-site technical and engineering support.

Our sealants, extruded tapes and gaskets are interdependently tested and approved as verified components for use in AAMA Certified Products.

Tremco’s Ashland facility is one of the top five specialty rubber and gasket extruders in North America, extruding more than 250 million feet per year and is ISO 9001 and 14001 certified.

 Calgary-based Chemtron is a leading manufacturer of adhesives, sealants and tapes. The company has researched, developed and formulated products for construction and related industries since 1958.

Chemtron produces over 30 products including adhesives, caulks, glazing tapes, mastics, sealants and related compounds.

Chemtron remains dedicated to formulating innovative products from its 52,000 square foot manufacturing facility.
