

TREMGLAZE® S900

Product Overview

TremGlaze® S900 is a multi-component, high-performance, reactive silicone designed for automated back bedding of window and door products. The material composition is 100% neutral curing silicone. This product's tenacious adhesion and quick curing nature make it ideally suited for the high demands associated with window and door fabrication.

TremGlaze S900 provides the strength of world-class silicone glazing, while also giving fast green strength for earlier handling and immediate field performance.

Features & Benefits

- Super fast, 5-6 minute green strength
- Substantial cure in only 24 hours
- Fast cure time wards off IG shifting and frame distortion
- Dramatically reduces smearing from handling
- Cold-applied
- Simple 1:1 mix ratio
- Compatible with dispensing equipment

Product Details

Color

- Clear

Packaging

- 200 mL x 200 mL Side-by-side cartridges
- 50 gallon drums

KEY ATTRIBUTES	TREMGLAZE S900
